***Appoquinimink School District
Career and Technical Education
Examination for FY ended June 30, 2019***

What Was Performed? An examination of the Appoquinimink School District Career and Technical Education funds for fiscal year ended June 30, 2019.

We reviewed the Career and Technical Education funds to ensure Appoquinimink School District allocated the mandated 90 percent of funds to the correct schools. Additionally, the team randomly selected 10 percent of the Career and Technical Education expenditures and tested them to ensure the funds were expended to support the state-approved occupational-vocational courses and programs.

Why This Engagement? This engagement is mandated by Title 14 Del. C. §1706, which requires periodic audits by the State Auditor's office.

What was found? I am pleased to say this engagement contained no findings. All reviewed vouchers supported the state-approved occupational-vocational courses and programs.
